Re: contract and technical specifications

Gentlemen:

This is a request for information regarding the lead abatement of lead contamination in Evansville, Indiana. We understand the project is referred to as the Jacobsville Lead Clean Up or something similar.

We request access to or a copy of the contract between the EPA and the contractor currently doing the clean up. We also request access to or a copy of section 8 of the technical specification effecting this project. Please advise us of the cost/charge for this service.

We have recently asked Mary Tierney for the same information, which we have yet to receive. Please do not duplicate the request, if Ms Tierney has complied with our request.

Sincerely,

A handwritten signature in black ink, appearing to read "Reade Ballenger". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Reade Ballenger
